PROFILE SUMMARY

Full stack developer with hands-on experience in building real-time web and mobile applications using React, Node.js, Kotlin, and MongoDB. Skilled in integrating third-party APIs, designing scalable architectures, and automating workflows using tools like n8n. Experienced with AI integration (Gemini) to enhance user engagement. Strong interpersonal abilities, with proven leadership in military and international environments.

Open to relocation opportunities and seeking to leverage my skills in a challenging and dynamic role.

EDUCATION

2022-2026
COLLEGE OF MANAGEMENT,
RISHON LEZION

- B.Sc. in Computer Science

2017
ERONY HEY, HAIFA – HIGH
SCHOOL DIPLOMA

- I majored 5 units in computer science and 5 units in communication.

SKILLS

- Frontend: React, HTML, CSS, JavaScript, TypeScript
- Backend: Node.js, SQL, MongoDB
- Languages: Python, Java, C/C++
- Mobile: Kotlin, Android Studio
- Automation & Tools: n8n, Swagger, Gemini AI, GitHub

LANGUAGES

- Hebrew-native speaker.
- English-highly proficient.

PROJECTS

AutoMatch - Online Chess Tournament Platform 2025

- Built a real-time tournament platform using Lichess API, React, Node.js, and Socket.IO. Includes live brackets, notifications, and wallet-based prizes. Designed responsive UI and implemented real-time updates.

HobbyConnect - Social Platform for Hobbies (Full Stack) 2025

- Developed a full-stack social media app where users share and explore hobby posts. Integrated Gemini AI for auto-generated descriptions. Built with React, Node.js, and MongoDB. Features full CRUD, user auth, documented API (Swagger), and automated testing.

HobbyConnect - Kotlin Android App 2025

- Leveraged Kotlin and Android development best practices to deliver a smooth user experience. Designed a user-friendly interface supporting image uploads

AI-Agent-Interviews 2025

- Built an AI-powered mock interview tool with real-time voice interaction (via Vapi) and smart feedback generation (using Google Gemini). Designed to simulate realistic interviews and enhance user preparation.

MILITARY SERVICE

naval control and operations sergeant

- Served as a Naval Control and Operations Sergeant at Ashdod Naval Base. Managed critical operations and communications. Chosen as "Base Commander for a Day" on Independence Day 2019.

CAREER

Administrative Manager, Michlol Solutions Ltd, Ramot Ofek: Haifa -2020-2022

- Oversaw daily operations and logistics in a high-tech environment. Coordinated cross-functional teams and maintained high levels of service efficiency.

Delegation at Summer Camps, The Jewish Agency:Wisconsin,USA -2022

- Led educational activities and mentored children in English-speaking immersive camps. Promoted teamwork, cultural exchange, and creativity.
