Highly motivated and detail-oriented professional with strong problem-solving skills and a proven ability to thrive under pressure. Experienced in managing multiple tasks simultaneously, collaborating with diverse teams, and adapting to fast-paced environments. Demonstrates excellent interpersonal skills, creativity, and high level of service orientation. Open to relocation opportunities and seeking to leverage my skills in a challenging and dynamic role.

EDUCATION

College of management, Rishon Lezion — October 2022-present: B.sc in Computer science.

Erony hey, Haifa — high school diploma 2017

I majored 5 units in computer science and 5 units in communication.

PROJECTS

AutoMatch – Online Chess Tournament Platform

2025

A full-stack web app for real-time chess tournaments with Lichess API integration, live brackets, notifications, and wallet-based prizes using React, Node.js, MongoDB, and Socket.IO. Designed a responsive UI and implemented real-time updates for smooth gameplay and tournament management.

HobbyConnect – Social Platform for Hobbies (Full Stack)

2025

Developed a social media web app where users can share, explore, like, and comment on hobby-related posts. Integrated Gemini AI to auto-generate post descriptions based on user-provided keywords. Built with React, a RESTful API backend, and MongoDB. Includes full CRUD, user authentication, Swagger-documented endpoints, and automated testing. Deployed internally to college servers for real-world testing.

HobbyConnect – Kotlin Android App

2025

Leveraged Kotlin and Android development best practices to deliver a smooth user experience. Designed a user-friendly interface supporting image uploads
